and Earl S. Ginn of Boston, Mass;
and Mrs. Wesley H. Ginn and Mr.

Don Seitz, of Boston, Mass., and the services. The flowers were beautiful.

Frank E. Tower
Mr. Elliott, aged 4 years, son of Mrs. Merton W. Tower, passed away at Jamaica Plains, Mass., Nov. 14, of brief illness with diphtheria. His parents accompanied the remains on Monday and services were held at the Spiller's Funeral Home, Tussock street, attended by Rev. Olin E. pastor of the Congregational church. Interment was in the Tower lot on Pine Grove cemetery.

He leaves beside his parents, one sister and ten; his aunt, Mrs. Harold A. Seitz, of this town and other relatives.

Don Seitz Arrived

Friends in Old Home Town will be glad to hear that the things look about as usual.

George G. and Lovley (Whitman) Spofford, and their daughter, attended Hebron Academy. During their education, George G. Spofford served in the Fourth Connecticut Regiment of Engineers. He was married in 1836. He was in the factory of the South Paris Manufacturing Co., at Paris Hill and Southbury. He lived in South Paris until 1858. He was a member of the South Paris Baptist church, was a member and pastor, and was commander of Wm. K. Kimball Post, G. A. R., and was for many years chaplain of the church. He married by a widow who was the daughter of George Spofford, and the son of Mrs. Mary H. Spofford, of Hildesburg, N. J. He died in 1890. His funeral was attended by Rev. E. B. Metcley. Burial was in Riverside Cemetery.

Observed Ninetieth Birthday
Mrs. Ellen E. Blake celebrated her ninetieth birthday on Nov. 10, and received many letters and cards on the occasion.

SOUTH WATERFORD

Settles on the Gain—Several Left Tuesday to Spend Winter With Relatives—Mrs. Hamlin Injured by a Fall—Haynes Bros. Repairing Dam.

Mr. Merik York assisted Ethel Monahan in her work with the vacuum cleaner. Monday.

Edmund of Naples and Frank Hamlin of Waterville, Me., came to spend the winter with their aunt, Mrs. Hamlin, on Monday. Mrs. Hamlin and Mrs. Sargent are to spend the winter with Mr. and Mrs. Lipp.

Mr. Charles F. Lipp, who has been a resident in Southern India for nine years, working among the criminal classes, spoke at the Methodist Church, Sunday night. He had a good subject and gave a stirring message. It is to be regretted that the night was so stormy for the speaker.

Mr. Hamlin, Dist. Supt. of Portland, with Mr. Lipp and held a quarterly conference after the meeting. The conference was entertained at Mrs. A. A. Hamlin's home.

Mr. Albert Leopold and baby Phyllis were at her father's, W. E. Abbot's, home.

Mr. W. Abbot and wife and Mr. and Mrs. J. S. Hamlin of Harrison at the Jersey Breeder's Meeting in Portland Wednesday. A fine day resulted in a large attendance.

Mr. Hamlin kept house alone while Mrs. W. K. Hamlin was in the city.

Mr. W. K. Hamlin is still at her home waiting to illness there.

Mr. Hamlin and Mrs. Millie Clark Hamlin and spent the week at the home of Mrs. W. K. Hamlin.

Mr. Hamlin and Mrs. W. K. Hamlin and spent the week at the home of Mrs. W. K. Hamlin.

Mr. Hamlin and Mrs. W. K. Hamlin and spent the week at the home of Mrs. W. K. Hamlin.

Swivel Chair Farm Notes

Furnished Free by Our Good Government for Your Gain and Profit.

Celery's Preference—While celery grows naturally on low, moist, well-drained soils, especially on the muck lands of the northern United States, it can be grown on almost any type of soil provided enough plant food is supplied and water is supplied during the growing period.

Most of the successful celery-growing enterprises, however, are located on the low-lying muck or the "hammock" soils. The muck soils that are underlain with marl or some form of material bearing calcium carbonate are considered best for celery growing.

Rotation Good As Fertilizer—That crop rotation is as effective in increasing soil fertility as the use of manure or commercial fertilizers, has been demonstrated by numerous experiments carried on in this country and England, says the United States Department of Agriculture.

Furthermore, crop rotation is usually practiced does not entail any additional cost. The extra yield due to this practice is therefore a profit that may be credited to the farmer's managerial ability.

Corn at the Missouri agricultural experiment station yielded 22.4 bushels per acre from cultivation alone. When the crop was manured, the yield was increased by 14.7 bushels, or to 37.1 bushels per acre; when it was grown in rotation with other crops the production was 15.1 bushels greater, or 37.5 bushels per acre.

When the crop was manured and grown in rotation, the acre yield was increased by 25.3 or to a total of 47.7 bushels per acre.

Hog Health—A majority of the infectious diseases affecting hogs may be avoided through sanitation, quarantine, and immunization. Pigs, sows, and old hogs should not be allowed to feed from dusty or muddy ground. Suitable feeding floors or platforms, preferably of concrete, and troughs of some nonabsorbent material that can be cleaned, washed, and disinfected frequently, are recommended.

Some sort of automatic drinking fountain which does not overflow should be used. If wallow holes are provided, it is advisable to make them of concrete, so that they may be cleaned and disinfected from time to time. Frequent cleaning of pens, sheds, shelters, and hog lots, as well as thorough cleaning of troughs, is an important factor in disease prevention. It is imperative that the premises be disinfected following outbreaks of infectious diseases.

In addition to thorough cleaning at stated intervals, a liberal amount of slaked lime should be applied in pens, houses, and adjoining lots. When disease appears in the herd, lose no time in calling a veterinarian so that a correct diagnosis may be made and proper treatment administered.

Potato Yields—The production of the potato, which for more than 200 years has been one of the staple field and garden crops of the United States, has kept pace with the growth in population on the basis of about 3 1/2 bushels per capita.

In recent years there has been an increase in the per-acre yield of potatoes. Reports for October indicate an average yield of 108.6 bushels for 1926. The average for a five-year period 1921-25 was 106.9 bushels. Increased yields are attributed to seed selection and treatment, better fertilization, improved cultivation, and crop rotation.

Self-fed Sows and Pigs—In tests conducted by the United States Department of Agriculture as to the efficiency of self-feeding and hand-feeding of sows and their pigs, both sows and pigs on the self-feeders looked better and were more thrifty than those in the hand-fed lot. Furthermore, they required less feed per pound of gain and were ready to market at an earlier date than those fed by hand.

In breeding practices, better results likewise were obtained with the sows in the self-feeder groups.

Prunes—The total production of dried fruit in the United States in 1925 has been estimated at 167,500 tons. Commercial prunes are produced mainly in California, Oregon, Washington, and Idaho.

The production of prunes in California and Oregon is concentrated in Santa Clara and San Joaquin counties, California. The production of prunes in Washington is concentrated in Yakima and Franklin counties.

The production of prunes in Idaho is concentrated in Blaine and Shoshone counties. The production of prunes in Oregon is concentrated in Clatsop and Tillamook counties.

The production of prunes in California is concentrated in Fresno and Kings counties. The production of prunes in Washington is concentrated in Yakima and Franklin counties.

Increased Gasoline Tax

Far Way to Raise Money for Roads Everyone Wants

Someone seriously suggests a state gasoline tax of 5 cents per gallon, the money to be expended on the highways. It will be brought before the coming legislature. We do not object. Money is needed. At 3 cents per gallon, we have received this season \$13,500, and at 5 cents it would be \$20,250, or \$6,750 more.

It is a good idea. Let's have it. It is fair for those who use the roads to pay for the privilege and gas tax is the easiest and fairest way yet suggested.

There are two states in the Union that now have a five cent gasoline tax.

KEZAR FALLS

Rev. and Mrs. Holman Called to Salem, Mass.—Mrs. J. Riddin in Boston—Ladies' Club Entertained.

Rev. and Mrs. John Holman of the Ad-vent Church here have accepted a charge in Salem, Mass., leaving for that city last week. They were earnest Christians and their many friends regret their departure.

Mr. and Mrs. Ralph Nichols have gone to Florida for the winter.

Last week being Educational week, Monday evening Nov. 15, the L. M. R. tino was extended to this general public to favor the occasion with its presence.

Tuesday afternoon Mrs. Ellen Libby Eastman addressed the scholars, and the evening in the school hall, community singing led by Miss Mildred Stanley was much enjoyed. Wednesday afternoon, Rev. Mr. Aikens gave a good talk.

Thursday afternoon, Kezar Falls and Cornish schools met at Pike Memorial Hall, Cornish, Henry F. Merrill of Portland doing full justice to the theme, "As your heart is, so will your work be."

The solo by Mrs. Frank Emery was much appreciated and the community singing, which was led by the girls class, was very successful.

Mrs. Joseph Sullivan closed her house and went to Boston for the winter. Monday evening, Nov. 8, the L. M. R. C. met with Mrs. Arthur Callaghan, fourteen members being present. The program was as follows:

Roll Call, Current Events, Paper, "Maine Rivers and Mrs. Peleg Benton Paper, "Sabbath Day Lake," Vocal Duets, Mrs. James Chapman and Mrs. William Norton.

Games, cake, coffee and sandwiches were served by the hostesses.

November thirteenth a daughter was born to the wife of Curtis Fox. Among the students home for Armistice Day were: Marian Lord, Emory Riddin, and Herbert Elliott, of Maine University; Malcolm Stanley, who is studying at Bowdoin College; Mildred Mitchell, and Carolyn Stanley of Bates College.

Miss Doris Stanley, who is teaching in the high school in South Paris, was home over the week end with her parents, Mr. and Mrs. O. L. Stanley.

Mrs. Frank Brooks and Mrs. Vernon Stanley entertained the Ladies Circle of the afternoon of Nov. 9th. "The day was cold, dark and dreary," but crossing the portal was warmth, comfort and hospitality and at the end of the session the hostesses regaled their guests on sandwiches, cake and tea, so that, warmed and comforted, they took their homeward way, feeling that they had spent a most enjoyable afternoon.

SOUTH OTISFIELD

Mr. and Mrs. Frank Edwards Visit at Scribner's—Orin Brown in Boston.

Mrs. Clara Sturtevant, who has been visiting her cousin, Howard Ames, and family, has returned to Oxford. Otto Heurven called on his old friends, Thursday. He has returned to college, in Bangor.

Orin Brown is working in Boston. Frank Edwards and wife from Gorham, N. H., have been visiting Mr. and Mrs. Fletcher Scribner.

Mrs. A. S. Ames and granddaughter, May Tenney, and Mrs. Clara Sturtevant called, Saturday afternoon on Mr. and Mrs. Corrie Brooks and Isabelle Atwater.

Mrs. Charles Scribner has been suffering with a bad cold. Dexter Nutting of South Paris has been in town recently.

RUG STRIPS

Woolen, all colors, for hooking or braiding. State for which and colors preferred. Five pounds for \$1.00, post-paid. Satisfaction guaranteed.

Southern Unionists

The Passing of Uncle Joe Cannon in His Ninetieth Year

The passing of Uncle Joe Cannon of Illinois, in his 90th year, recalls the fact that many of the most prominent leaders of the dominant party were born in the South. Uncle Joe, the once proud speaker of the National House of Representatives, whose power was finally broken, was born in North Carolina. Hilton Raven Hilder of North Carolina, whose "Impending Crisis" just before the Civil War created an excitement in the South, scarcely less than the John Brown raid at Harper's Ferry, Va. John Sherman, who had endorsed the book, was in consequence defeated for speaker of the House of Representatives. An uncle of the writer brought the book home from Massachusetts, with copies of Wm. Lloyd Garrison's "Liberator" with the picture of a slave auction on its front page, on one of his trips there. These were eagerly read and talked about by all the family and neighbors.

The only thing I now recollect about the book is the statement that the hay crop of the North was far more valuable than the cotton crop of the South. The most illustrious son of the Old North, Andrew Jackson, 7th president of the United States, was the most determined foe of Calhoun and his Nullifiers, and earnestly devoted to the maintenance of the Union in Peace or in War. His "The Union Must and Shall be Preserved" will ring down through the ages. It was worth an army to the North in the war.

John C. Fremont, the first standard bearer of the dominant party, was born in South Carolina. Abraham Lincoln was born in Kentucky. He was different from the anti-slavery leaders of his time—the greatest, the wisest and best of them all. His fame will shine with undiminished splendor through all time.

The men who stood by the Union from the South, during the war, deserve the greatest honor. The confederate General, D. H. Hill, one of the great fighters in that conflict, and a North Carolinian said some of the Southerners served the South better on the Northern side, but he gave high tribute to George H. Thomas, a Virginian, who saved the Union Army at Chickamauga, and stove to pieces Hood's forces, however. The confederate General, G. Farragut, born in Tennessee, who won a fame in Mobile Bay and by the capture of New Orleans, which has eclipsed all naval commanders next below Nelson and Blake. To me, Gen. Thomas seems the grandest character of the Civil War. He was never beaten. He was thoroughly unselfish and devoted to the cause. One has but to study his career to admire his sterling character and great ability.—C. F. Whitman.

Fresh pyrethrum powder is advised in bath rooms or damp storerooms where centipedes appear. These insects are more alarming in appearance than in reality. Centipedes destroy house flies, roaches, small moths and other insects, and seldom bite human beings.

To help eliminate much grief and suffering, industry is today carrying on educational campaigns to show people the folly of being uninformed, careless and indifferent to rules of health, business and safety.

THANKSGIVING SUGGESTIONS for the Dining and Living Rooms

American Walnut Dining Sets (9 pieces) at \$140.00 and \$155.00. Also odd pieces in walnut and quartered oak.

Axminster Rugs (9x12), \$25.00 to \$55.00. Congoleum and Sandura Art Rugs, all sizes.

EZRA F. BEAL'S JOURNAL

SEASON'S CROPS HARVESTED AND IN GOOD SHAPE—ELECTION NEWS OF 1856

Edited by Don C. Seitz
(Continued)

Oct. 12, 1856—Sunday. Very warm and dry and has been the past week. The new wheat is progressing very well at Portland; the weather has been favorable for the work so far. Webster is progressing well with the harvesting. Potatoes are nearly all dug and a good crop is on hand. The corn is very fine, never more so, one acre only was planted. Wheat is good quality, but not threshed yet. Considerably ploughed. The Mill (which was broken last Monday, but is repaired) is now running. The mill is doing well. There is but little to do here. The early rains. A Mrs. Knight was murdered last week in Poland, by having her throat cut by her husband, who was committed to jail last Tuesday on the charge of murder of his wife in Poland.

Oct. 16—Sunday. Yesterday was a rainy day, today is pleasant. Last week has been dry, fair weather, but rather cold. The week before, last Tuesday was a rainy day. For Freeman's office in New York, Ohio and Indiana. Ohio was a Republican; the other two States were for a small majority. The election was held in the morning. The result was in the river. Expect to hear next week. George Knight was committed to jail last Tuesday on the charge of murder of his wife in Poland.

Oct. 18—Sunday. Cloudy and a little rain. So far there has been but little rain here in Maine, while at the same time there has been a good deal of rain and considerable snow in Illinois and other places West.

The election for President took place yesterday and so far it is not yet determined who is elected. It has been expected that Buchanan was elected, but today news arrived in Portland that Lincoln had gone for Freeman. If so, the election of Buck would be extremely doubtful. The New England States have gone for Freeman by a majority of 15,000 over all Massachusetts gave 56,000 and over 100,000 plurality. New

BRIDGTON

Farmers Meeting at Bridgton—Royal Neighbors Met—Literary Club Entertained—Lions' Club Organized.

Cumberland and Oxford Union Potatoes. Nov. 21 met at Bridgton, Thursday, Nov. 4, in an all day session and were entertained by Highland Grange of Bridgton, in their rooms at Moose Hall. The regular business session was held in the forenoon at which the degree was conferred upon three candidates. Dinner was served at noon and the afternoon was given over to a literary program with Mrs. Josephine Rolfe, lecturer, in charge.

The November community service was held Sunday evening at the Methodist Church with a good number present. The sermon was by Rev. Ernest P. Doughty, who spoke forcefully on the theme "The Great Line" and there was special singing by the combined choirs of the Congregational and Methodist churches with a solo by Miss Clara Shurtliff, music was furnished by Highland Grange of Bridgton, in their rooms at Moose Hall.

At the meeting of the Royal Neighbors, Tuesday evening, Nov. 9, there were candidates present, twenty in all, from the New Falls, Webb's Mills and Norway Mills, and upon the degree was conferred by the Bridgton degree team. After the meeting, supper was served in the dining hall.

Thirty candidates from the So. Oxford Grange and the Highland Grange of Bridgton, received the seventh degree last Friday, at the National meeting which was held last week in Portland. Mrs. Bertha Gosselin, who has been in the hospital for several months, is at the General Hospital, Portland at the present time, for observation and treatment.

Literary club was entertained Friday afternoon, Nov. 5, by Mrs. Carl Gosselin at her home on High Street. The club is now reading "David Copperfield" and they of Dickens works will continue the study at the next meeting which will be held Friday afternoon, Nov. 12, with Miss Clara Noone.

At the Methodist church Tuesday evening, Nov. 9, Dr. H. B. Conright, for thirty years a Methodist Medical Missionary in Western China, gave a forceful address, speaking of his work there and looking the outlook for the future. Concluding the heavy storm, a good number were present.

Practically all places of business in town were closed all or part of the day, Thursday, in observance of Armistice Day.

At a special meeting held at Cumberland Hotel, Thursday, Nov. 4, a "Lions' Club" was organized, sponsored by the Portland Club. The following officers were chosen:

President—Edgar F. Corbin.
Vice-President—F. E. Bennett Pike.
Secretary—Paul S. Staley.
Treasurer—Frank L. L. L.
Lecturer—George A. Cabot.

WOODSTOCK

Mr. and Mrs. Leroy Cole went to Alton Sunday, Nov. 7, for a week. Mrs. May Bolster is at Dixfield visiting with her sister, Mrs. Walter Small.

Mrs. E. J. Thompson started for Boston last Saturday to visit her daughter, Mrs. Atwood, then she will go to Buffalo to visit another daughter, Mrs. Wilson. She plans to be away about six weeks.

Mrs. Florence Cushman and Mrs. Edith Abbott attended the Annual Farm Bureau meeting and apple show in Norway, last Friday.

Mr. and Mrs. Robert Cushman of Auburn were guests of their mother Mrs. Florence Cushman, Saturday night and Sunday, recently.

WOODSTOCK—PERKINS VALLEY

Merle Wilson has been sick with the jaundice.

York, Freeman 50,000 plurality, Ohio, 20,000 or more.

Freeman has carried all the Free States (except Pennsylvania, New Jersey and possibly Indiana) with very large majorities. Democrats rejoice but little over this Southern victory.

Nov. 23—Sunday. Very fine weather and has been for 2 or 3 weeks and every day except 6 hours' rain yesterday morning.

Buchanan has been elected and carried 4 Free States, Pennsylvania, Indiana, Illinois and New Jersey and all the South except Maryland, which went for Freeman and the only State for him. It is supposed that Freeman has a majority on the Popular Vote in the Free States.

George's and Webster's Houses are nearly completed and both will shortly be occupied.

The Montreal celebration week before last was a great affair, supposed to be 30 all day and a good time.

Business is good in Norway, especially the shoe business. There are now 4 firms, Howard Co., Greeley & Jackson, Stillwell & Co., and James Crockett is still at work by the month with us.

Nov. 30—Sunday. There is on the ground 4 inches of light snow. The first snow at Norway came last Tuesday night, about 2 inches. Now there is enough for sleighing and the ground is in good order. The piles for West half of new wharf have been all driven except 2 outer rows and the fenders, and the covering is nearly all finished.

George has moved into his new house and Webster expects to move this evening. The houses are not quite finished, the remainder is to be done in the coming spring.

Yesterday the Bennett heirs made progress in selling and settling up for the farm. Tomorrow the business will be finished up and a division made of the rents. I am quite unwell with a severe cold. L. Crockett is confined to his house with rheumatism.

In less than 2 years N. Bennett and wife have both died and the farm has passed out of the name and family of Bennett.

Note—"George" was General George L. Beal.

SOUTH WOODSTOCK

Special Meetings Held—Hadleys Moved to Farrar Place—Old House Burned at Conant's Place—Telephone Company to Extend Line.

Frank Allen and family from Buckfield were Sunday guests of Mr. and Mrs. F. R. Andrews, Monday night.

Mr. and Mrs. Ernest Bryant and son have been at Grafton, hunting.

Mr. and Mrs. G. W. Q. Penham, Mr. and Mrs. Edwin Penham were in Portland, Tuesday.

Atwood Ratchliffe is in the C. M. G. Hospital sick with scarlet fever.

Doris, the little child of Mr. and Mrs. Charlie Smith, was taken to the hospital, Monday. She is very ill.

Walter Appleby and wife spent the week end at Pigeon Hill. Mr. Appleby's mother will soon go to California.

Bernice Cleaves of Portland is spending the week with her grandmother, Mrs. Frank Andrews.

Special meetings were held at the Union Church each evening last week, by Rev. E. A. Davis, assisted by Miss Willa H. Ferguson and Mrs. D. H. McKeefry.

Mr. and Mrs. Dannie Bryant and Leslie of Bryant Pond, were guests at F. E. Davis's, Monday evening.

Mr. and Mrs. Seth Hadley and son, Lewis, have moved to the Consider Farm place and will work for Albert Raus.

Dr. R. N. Hatt, Dr. Roswell Mace of Springfield, Mass., B. B. Cleaves, R. B. Stevens, Minnie Stevens and Elizabeth Stevens, Mr. and Mrs. F. R. Andrews, Thursday, Nov. 4, on their way back from a hunting trip up country, Mrs. Ma-

Mr. and Mrs. Eiden Ross of Rumford, were visitors of her father, Gilman Whitman, Sunday, the 7th, and Mr. Whitman returned to Rumford with them for a visit.

James Brown and friend of Lewiston, went on a hunting trip to Upton and returned to spend the week end with his parents, Mr. and Mrs. John Brown.

Estes Yates recently sold two cows to Scribner of Paris and one to John Brown.

Elmer Hayes and Linwood King of Greenwood each shot a deer. Harold King also shot one.

Glynnie Brooks has finished work at North Stratford, N. H. and is working on the section at Bryant Pond now.

Dennis Page of Andover was a Sunday visitor at the home of his friend, Porter Swan.

Mr. and Mrs. Porter Swan and daughter Arlene, were recent visitors of his parents, Mr. and Mrs. Charles Swan and his sister, Mrs. Leslie Davis of Bethel.

Mrs. and Mrs. L. A. Currier Jackson returned Sunday from their hunting trip at Upton. They brought home two deer.

Mrs. Hathaway shot the largest one. Mr. and Mrs. A. Currier Jackson are moving to Milton to live with his mother, Mrs. Francis Lapham and help care for her as her health is very poor. We all hate to have Mr. Jackson's folks leave town.

Franklin Grange met Nov. 6th with Master Albert Russ in the chair. All officers present. The 3rd and 4th degrees were conferred on Miss Marion Long and Murray Ring in the forenoon and a program in the afternoon.

The dinner was served by the men as they got beaten in the contest. They served an oyster dinner with pastries. Over one hundred members were present. There were several visitors from other Granges. Many members of Franklin Grange were in Portland last week to attend National Grange.

Grange Program:
Song "Battle Hymn of the Republic".....
Recitation.....Mrs. Annie Bryant
Song (encore).....F. S. Pike
Speech "The Happy".....H. H. Crockett
Mr. J. McDonald, Supt. of Schools of Dixfield.
Duet (encore).....
Mrs. Bowen Darnham and Miss Sylvia Grover.
Recitation (encore).....Mrs. Ours Crockett
Remarks.....Hanno H. Cushman
Song "God Be With You Till We Meet Again"

WILSON'S MILLS

The "Jimenez" who were here in the summer, returned to the Magalloway Town Hall, Wednesday evening, and gave an entertainment followed by a dance which was well attended.

Many of the hunters who were camping above here have gone out but there are still quite a few at the sporting camps and here in the settlement.

Will Otis and Perry Murphy of Bridgton and Dr. Burgess of Bridgton, Mass., were guests at E. S. Bennett's, recently. Leon Bennett is cutting wood for the school house.

George Harvey has taken a logging job for the Brown Co. and is building camps on the west side of the river.

For Coughs that Ordinary
Syrups Won't Help

A well known and now retired New York City druggist says there was no cough remedy like his several New York stores like Adams' Cough Balm. Most cough syrups cure easily and quickly prepared, but together properly, according to the famous Adams' Prescription, the well known cough destroying ingredients found in this famous sure prescription would take five hours. That would make the price prohibitive. For this reason, and the superior curative herbs of nature found on it, Adams' Cough Balm is not to be compared with ordinary cough syrups.

But here is why you can obtain this never failing cough balm for only 35 cents at any good drug store. Adams' Cough Balm is the large demand, compounded in a modern scientific laboratory, and its curative power is your personal prescription, accounts for the fact that Adams' can be sold so inexpensively.

It acts at once. Like a soothing, healing poultice, it spreads itself completely over the inflamed parts. This cleared immediately. Adams' conquers stubborn hang-on coughs like no ordinary cough syrups.

It is pure, safe and pleasant to take. Contains no opiates. Best you can get for the children. Get a bottle today at any drug store and you'll have a cough balm that'll keep stopping coughs quickly and giving real satisfaction for 60 years.

ADVICE

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

Buick Thermostatic Control

provides smooth Engine Performance at 0° or 90° in the shade

Thermostatic Circulation Control is a new reason why the Buick engine is so easy to start and so pleasant to drive, in all kinds of weather.

Summer conditions prevail all year, under the Buick hood. At 90°, or at zero, this valuable Buick improvement reduces the warming-up period to less than three minutes!

For this, and many other vital reasons, the 1927 Buick is the Greatest Ever Built. The engine is vibrationless beyond belief. Drive it and see what that means.

THE GREATEST BUICK EVER BUILT

Norway Buick Co.

Norway, Me.

Vecto Heater

for Homes and Other Buildings

\$99.00

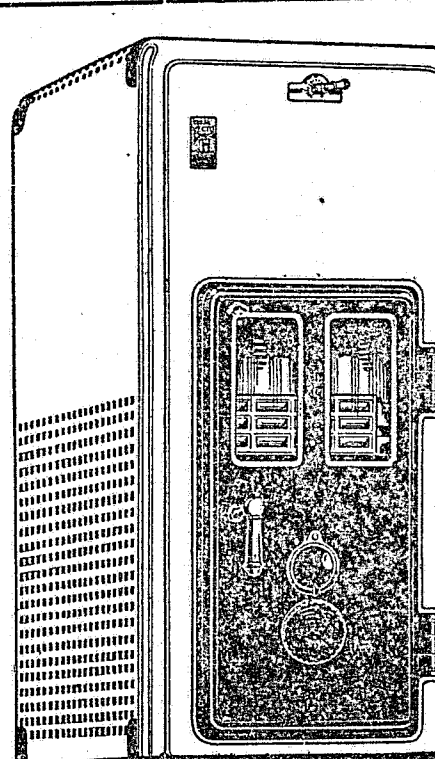

Available Throughout the Home for the Heating One Room

The Vecto Heater is a clean, compact, self-contained scientific application of nature's

intense heat for a short distance

The Vecto Heater distributes an even, high every room. This it accomplishes by a scientifically designed heat-

continuously warmed at moderate-
 -rises and circulates steadily throughout the home, bringing clean and
 -nook and corner. The Ideal Vecto Heater thus actually warms and
 -of air in a home, six to ten times each hour. Yet because of its spe-
 -design, it consumes no more coal than is ordinarily used by old-fash-
 -room!

This image shows a vertical strip of a book's endpaper or flyleaf. The right side of the strip is a dark, heavily textured material, likely leather or a similar binding material, showing signs of wear and discoloration. The left side is a lighter, possibly marbled or patterned paper. The strip is narrow and appears to be a detail from a larger page.
